Yes, Phase 2 of the rule will include stormwater which will be implemented in 2018. As far as what is required to be reported, the rule does not change reporting requirements. Hope that helps. Let me know if you have any questions, thanks!

Hey Amy,

I am talking about the eReporting rule.

Our second meeting (conference call ) with Denver is next week. It is nice to finally have the time to work on this permit!

Hi Lisa – Are you talking about in the MS4 remand rule or the NPDES e-reporting rule?

Also, how is the Denver permit coming along? Do you need anything from me?

Thanks!

Hi Amy,

Is there any update for the eReporting rule for MS4s? Is EPA trying to change that part of the rule to better reflect our new clear, specific, and measurable permit requirements and require much less information to be reported in annual reports?

Thanks,

Lisa
